1	<p>The claimants have claimed against compensation of land that has not been received from the Corporate Debtor. According to the claimants, their lands have been acquired by the Corporate Debtor without purchasing from them or going into any lease agreement or contract. A portion of their land is occupied within the boundary wall of the company and no money or compensation has been paid by the Corporate Debtor to the land holders. The claims have also been verified with the records of the Corporate Debtor before admitting.</p>
2	<p>A group claim has been received from the representative of the claimants, "Bhoo Prabhavit Jivan Nirvah Bhatta Labharthi Samiti" in Form F. In 2009 the corporate debtor initiated purchase of land from villagers for establishing a power plant project in the village Nariyara. Pursuant to several agitations by villagers in relation to the land acquisition, the corporate debtor has provided the following options to the villagers:</p> <ol style="list-style-type: none"> <li>1. Compensation in lieu of employment</li> <li>2. Employment</li> <li>3. Finance for setting up business</li> </ol> <p>The group claim refers to the claim for the 621 villagers i.e. Project Affected Persons ("PAPs") who had opted for 'compensation in lieu of employment'. The Project Affected Persons ("PAPs") were being provided with an amount equivalent to the monthly salary of a workman based on the prevailing minimum wage rate prescribed by the Government as 'compensation in lieu of employment'.</p> <p>The 'compensation in lieu of employment' was an option devised with the objective to avoid actual involvement of the villagers in the operations of the Company considering their low skill level, notoriety and general unsuitability for the job.</p> <p>As per the claim, the Company is indebted to the Project Affected Persons ("PAPs") an amount of INR 1.66 crores which is pending for the months of June, July and August, 2019.</p>
